

Victorian Hat and Coat Hook

AW770-grp

The **Alexander and Wilks Victorian Hat and Coat Hook** is a traditional style hat and coat hook on a circular-shaped **backplate** with two screwholes for quick and easy, visible screw fixing.

Available in an array of **high-quality finishes**; antique brass or polished brass unlacquered or satin brass, antique iron, black powder coat, polished chrome or satin chrome, satin nickel, polished nickel, dark bronze

These hat and coat hooks are formed from **solid brass**, with the exception of antique iron and black which are both created from quality iron.

Alexander & Wilks represents the very best of **architectural hardware** and ironmongery. Using both time-honoured craftsmen's skills, combined with the latest computer-aided **precision manufacturing**, results in a collection of beautifully made items with **flawless** results.
