

Crispin Bamboo T-bar Cupboard Pull Handle

AW809B-grp

The **Alexander & Wilks Crispin Bamboo T-bar Cupboard Pull Handle** has a unique bamboo design created from a base of **solid brass** and finished in **Antique Brass, Dark Bronze PVD or Satin brass PVD**.

This collection has a **natural inspiration** and provides an unexpectedly **ergonomic** feel with the **curves** of the bamboo fitting perfectly into hands.

Bamboo has also found itself in the fashion world, with bamboo handles recently being featured in the collections of several high-profile designers. Bamboo is now making its way back into the homeware sector, and Alexander & Wilks are leaders in the revival of this 20th-century look.
