

Circular Backplate

AW895-grp

The **Alexander and Wilks Circular Backplate** is designed to mix and match with our cupboard knobs. Make your home feel more 'you', the option of **interchangeable backplates** gives you more control over the finish and style of your hardware for a personalised design with your home. It also provides the additional option to change the backplates if your style or finish preferences change in the future without having to completely overhaul your cabinet ironmongery.

The backplate is available in a range of popular finishes to help you create a truly unique finish on your furniture.
