

Standard Profile Round Escutcheon with Harris Design Cover

AW381-grp

These Alexander and Wilks Escutcheons with Harris Design Covers are finely crafted solid brass escutcheons, they are to achieve an **everlasting style, highly polished** on all apparent areas but ages to peak the details and design of the product designed to work with standard UK lock profiles.

These escutcheons are designed to suit the **Harris mortice knobs**. These Escutcheons have a clean circular shape for a simple finish. Available in an Antique Brass, Polished Nickel and Unlacquered Brass.
