

## Harrier Knurled Lever on Round Rose - Pair

AW210-grp

The **Alexander and Wilks Harrier door handle** features a **modern** diamond-cut knurled pattern, against a mitred cylindrical stem silhouette, finished with a plain round rose. This **contemporary** lever door handle has a sleek industrial-inspired design, leaving a thoroughly **modern** and **luxurious** impression. Inspired by the **Harrier** aircraft which was named after the agile bird of prey. The Harrier was developed for use in situations that called for improvised bases and was then adapted to be used by aircraft carriers.
