

Quantock Cupboard Knob on Square Backplate

AW826-grp

The **Quantock cupboard knob on a square backplate** features a New England style knob on the square backplate. Emulating the 17th-century designs associated with New England and colonial America. Beautifully marrying the concepts of traditional and modern, rural country and bustling city. These Quantock knobs are perfect for achieving the modern country kitchen look, this knob on backplate matches perfectly with the Quantock cup pull handle or can be paired with other cabinet furniture from the growing Alexander & Wilks collection.
