

Product Description

Superior Gold 3mm

Roll Dimensions: 15m x 1m x 3mm

Comfort Gold Green offers high performance when used as an acoustic insulation underlay, under laminate, engineered and solid wood floors. It has an integral gold foil vapour barrier to help with solving conditions requiring damp resistance. Comfort Gold Green is produced from closed cell Polyethylene Foam which is CFC and HCFC free and 100% recyclable. The product may be used for floor levelling abilities.

Roll Specifications

| Properties | Typical Value | Method |
|-------------------|-----------------------------------|----------|
| Nominal Thickness | 3mm \pm 10% | ISO 1923 |
| Width | 1m \pm 1% | ISO 1923 |
| Length* | 15m \pm 1% | ISO 1923 |
| Roll Weight | \approx 118.16 g/m ² | |
| Apparent Density | \approx 30 kg/m ³ | ISO 845 |

Acoustic Properties

| Properties | Typical Value | Method |
|-----------------|---------------|------------------|
| Sound Reduction | >19dB | ISO 10140-2:2010 |

Thermal Properties

| Properties | Typical Value | Method |
|--|--------------------------|--------------|
| Thermal Conductivity (λ) Tested at mean 10°C | 0.039 W / mK | BS 4745:2005 |
| Thermal Resistance (R-Value) | 0.087 m ² K/W | BS 4745:2005 |
| TOG | 0.87 | BS 4745:2005 |

| | | |
|-----------------------|--------------------------------|--|
| Foam Colour / Backing | Green/Gold Foil Vapour Barrier | |
|-----------------------|--------------------------------|--|

Backing Specifications

| Properties | Typical Value | Method |
|---------------------------------------|----------------------|---------------------|
| PETM Foil (PET foil metalized Silver) | \approx 22 μ m | *Supplier Specified |

*This product is also available in 10m lengths.

*The above information can only be regarded as typical properties rather than guaranteed values and as a result serves as reference only based on Supplier Information.

Recommended Storage Conditions : Do not store in direct sunlight
