

Standard Profile Ellipse Escutcheon

AW383-grp

The **Alexander and Wilks Standard Key Profile Ellipse Escutcheon** is the finalising touch for locking doors with keyholes in a **simple** and **traditional oval design**, easy to fit face-fix. This escutcheon is to be paired with a standard keyhole.

The **escutcheons** are a supplement to all of the **mortice doors knobs** provided by **Alexander and Wilks**. They are provided in three high-quality finishes; **Antique Brass**, **Unlacquered Brass** and **Polished Nickel**.
